

## SEPTIKLEEN

(Sump, STP & ETP treatment and maintenance)

This is a unique, rapid-acting formulation that reduces odor and surface scum in 24-48 hours, accompanied by reduction of bottom solids, Chemical Oxygen Demand (COD), Biological Oxygen Demand (BOD) and Total Suspended Solids (TSS) on a continuous basis.

### Application Areas :

- Sump Tanks, Septic Systems and Sewage Pits.
- On-Site Wastewater Treatment Facility.
- Degradation of Tissue, Detergents, Fats, Oils and Grease.
- Elimination of Odors.

### Benefits & Advantages :

- Degradation of Fats, Oils, Grease, Tissue and Detergents.
- Helps keep Sump Tanks, Septic Systems and Sewage Pits trouble free.
- Reduces back-ups and pumping.
- Reduces odors 95-99%, surface scum more than 80% and bottom solids by more than 50%.
- Reduces total suspended solids by more than 50%
- Reduces usage (and cost) of typical sewage/effluent treatment chemicals.

**Directions for Use :** Mix contents well. For better mixing in large systems, dilute to 10% before use. Additions may be manual, or with the help of dosing pumps. Typical additions shown below\*:

System Capacity (m <sup>3</sup> /d)	Amount of Product (mL)
10 - 50	50
50 - 100	75
100 - 500	250
500 - 1000	2000

\* The characteristics of your system will determine exact dosage. Please contact your dealer/supplier for details.

### Product Characteristics :

- pH range : Neutral
- Flash point : Non-flammable
- Appearance : Tan colored liquid
- Fragrance : No fragrance added

**Packaging :** Minimum quantities apply. Please contact dealer/supplier for detailed price list.

• Pack size(s) 10X concentration	20 kg (L) Can	200 kg (L) Drum
